It's OK to slow down. Take a pause and focus on your breath. Let the other animals run around, you do you. Follow a serene and smiley sloth through a series of light meditations and daily reflections with this unexpected and snuggable guide. From simple breathing exercises and guided visualizations to the benefits of chewing your leaves slowly and staying present while hanging from a tree, this little illustrated book of mindfulness will help readers discover the path to a peaceful, philosophical life. With playful advice and delightfully charming illustrations, this no-sweat approach to enlightenment is a sweet reminder to take it slow and smile. THE INTERNATIONAL BESTSELLER 'For a boost to your wellbeing don't miss the brilliant The No-Nonsense Meditation Book, which unites brain science with practical tips' – Stylist 'Steven Laureys' book opens up exciting perspectives.' – Matthieu Ricard, Buddhist monk & translator of the Dalai Lama 'Clear, lively, rigorous and authentic... [The] book we have been waiting for.' - Dr Ilios Kotsou, mindfulness and wellbeing expert 'Not reading this book is self-defeating' - Paul Witteman Rigorously researched and deeply illuminating, world-leading neurologist Dr Steven Laureys works with celebrated meditators to scientifically prove the positive impact meditation has on our brains. Dr Steven Laureys has conducted groundbreaking research into human consciousness for more than 20 years. For this bestselling book, Steven explores the effect of meditation on the brain. He uses hard science to explain the benefits of a practice that was once thought of as purely spiritual. The result is a highly accessible, scientifically questioning guide to meditation, designed to open the practice to a broader audience. A mix of fascinating science, inspiring anecdote and practical exercises, this accessible book offers scientific evidence that meditation can have a positive impact on all our lives. The cornerstones of Ignatius of Loyola's spiritual practice--meditation and contemplation--are clearly explained in this simple guide to the Ignatian method with examples from the experience of practitioners and quotations from Catholic spiritual teachers. In the process, the deeper structure of the spiritual practice is illuminated, and advice about adapting it to individual needs is offered. Topics include methods of praying, struggles and growth, and the importance and role of grace. Individuals who desire to pray with scripture, spiritual directors, and all who teach prayer with scripture will benefit from the counsel in this resource. Like a yoga class you can hold in your hand, a beautiful, full-color guide to letting sh*t go Our world is filled with annoyances, and sometimes you need a little dose of humor to cope with the news cycle, your irritating co-worker, or that telemarketer who won't stop calling. This refreshingly honest self-help book will guide you through a meditation to "breathe in strength, and breathe out bullsh*t." An excellent gift for yourself or others, F*ck That is the very embodiment of modern-day self-care. May it help you find peace with the challenges that surround you...because they are f*cking everywhere. Based on the viral video that had everyone from yogis to workaholics raving, F*ck That is the completely truthful and oddly tranquil guide to relieving stress and achieving inner peace. Brings together six respected Buddhist teachers in an accessible introduction to the techniques of meditation, and includes guided meditation practice reflecting a range of Buddhist traditions, helpful teachings, and yoga poses. The Mind Illuminated is the first how-to meditation guide from a neuroscientist who is also an acclaimed meditation master. This innovative book offers a 10-stage program that is both deeply grounded in ancient spiritual teachings about mindfulness and holistic health, and also draws from the latest brain science to provide a roadmap for anyone interested in achieving the benefits of mindfulness. Dr. John Yates offers a new and fascinating model of how the mind works, including steps to overcome mind wandering and dullness, extending your attention span while meditating, and subduing subtle distractions. This groundbreaking manual provides illustrations and charts to help you work through each stage of the process, offering tools that work across all types of meditation practices. 'If you're thinking about trying mindfulness, this is the perfect

introduction....I'm grateful to Andy for helping me on this journey.' BILL GATES 'It's kind of genius' EMMA WATSON
Feeling stressed about Christmas/Brexit/everthing? Try this... Demystifying meditation for the modern world: an accessible and practical route to improved health, happiness and well being, in as little as 10 minutes. Andy Puddicombe, founder of the celebrated Headspace, is on a mission: to get people to take 10 minutes out of their day to sit in the now. Here he shares his simple to learn, but highly effective techniques of meditation. * Rest an anxious, busy mind * Find greater ease when faced with difficult emotions, thoughts, circumstances * Improve focus and concentration * Sleep better * Achieve new levels of calm and fulfilment. The benefits of mindfulness and meditation are well documented and here Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. First published as Get Some Headspace, this reissue shows you how just 10 minutes of mediation per day can bring about life changing results. So, what exactly is meditation? Meditation is a way of getting in touch with your true self. It can be used to still the mind and to harness the energies inside you and all around you. Meditation is nothing new. It was used by the great Buddha and many other spiritual gurus over the centuries. Meditation is quite hard to define because the only way to fully realize its meaning is by experience. Meditation may mean different things to different people. In this book, we are going to use meditation to harness your great inner power. Before you learn how to meditate there are certain key points that you should know. When you meditate, your posture or how your body is positioned plays an important role. You can meditate while standing or sitting or even while lying down in bed. Many people prefer to meditate in a sitting position. However, if you have back problems, then you might want to meditate in a lying down position. The important thing that you should take note of is to keep your spine straight at all times. The reason why you should keep your spine straight is not just to avoid strain on your physical body, but it is also to enable the free flow of energy through your main chakras. What are chakras? Do not worry; we will discuss them later on. For now, focus your mind on learning how to meditate. There is really no strict rule as to the best time when you should meditate. However, many spiritual masters advise that you should make it a practice to meditate at the same time or schedule on a regular basis. The reason for this is to be able to create a routine and ensure that meditation becomes a part of your daily life. A common excuse given by people who want to learn how to meditate is that they simply do not have time to practice it. They are usually too busy with school or work that they have no time to sit in meditation. Although you may have a busy life, you should understand that there is no way you can tap the great power of your third eye if you do not give yourself enough time to meditate on a regular basis. Therefore, it is up to you to check your schedule and find time to sit in meditation regularly. This book will give you different kinds of guided meditations. Hear the words and focus on your experience. Focus and lose yourself in the journey. Feel and experience the power of meditation. In this book, you will learn more about: Your divine self Moving deeper Guided meditations for letting go fear Guided meditation for happiness Introduction to meditation Benefits of meditation Simple exercises Perception & peace Meditate for more self-care and less perfectionism Relaxation techniques for anxiety Healthy sleep - what you need to know Watching considerations in contemplation ...AND MORE! What are you waiting for? Click buy now! #1 New York Times Bestseller REVISED WITH NEW MATIERAL Winner of the 2014 Living Now Book Award for Inspirational Memoir "An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation." —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. 10% Happier takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives. This text looks at meditation from a Pagan perspective by incorporating an Earth-based theology and a practice based on the development of the whole self. It makes it possible for a complete novice to begin to learn the basic skills needed to become a skilled and effective meditator. The exercises described in the book begin very simply and then build to more complex and challenging practices allowing more experienced meditators to improve their technique as well. With careful practice, an open heart, and a commitment to improving the self, the practitioner can find that place between the divine and the day-to-day. Meditation from a Pagan perspective helps the practitioner to experience the true meaning of "as above, so below."

cs.couns.skills_techn_prccs The life-changing international bestseller reveals a set of simple yet powerful

mindfulness practices that you can incorporate into daily life to help break the cycle of anxiety, stress, unhappiness, and exhaustion. Mindfulness promotes the kind of happiness and peace that gets into your bones. It seeps into everything you do and helps you meet the worst that life throws at you with new courage. Based on Mindfulness-Based Cognitive Therapy (MBCT), the book revolves around a straightforward form of mindfulness meditation which takes just a few minutes a day for the full benefits to be revealed. MBCT has been clinically proven to be at least as effective as drugs for depression and is widely recommended by US physicians and the UK's National Institute for Health and Clinical Excellence—in other words, it works. More importantly it also works for people who are not depressed but who are struggling to keep up with the constant demands of the modern world. MBCT was developed by the book's author, Oxford professor Mark Williams, and his colleagues at the Universities of Cambridge and Toronto. By investing just 10 to 20 minutes each day, you can learn the simple mindfulness meditations at the heart of MBCT and fully reap their benefits. The book includes links to audio meditations to help guide you through the process. You'll be surprised by how quickly these techniques will have you enjoying life again. INTERNATIONAL BESTSELLER 'Steven Laureys' book opens up exciting perspectives.' – Matthieu Ricard, Buddhist monk & translator of the Dalai Lama 'Clear, lively, rigorous and authentic... [The] book we have been waiting for.' - Dr Ilios Kotsou, mindfulness and wellbeing expert 'Not reading this book is self-defeating' - Paul Witterman Rigorously researched and deeply illuminating, world-leading neurologist Dr Steven Laureys works with celebrated meditators to scientifically prove the positive impact meditation has on our brains. Dr Steven Laureys has conducted groundbreaking research into human consciousness for more than 20 years. For this bestselling book, Steven explores the effect of meditation on the brain. He uses hard science to explain the benefits of a practice that was once thought of as purely spiritual. The result is a highly accessible, scientifically questioning guide to meditation, designed to open the practice to a broader audience. A mix of fascinating science, inspiring anecdote and practical exercises, this accessible book offers scientific evidence that meditation can have a positive impact on all our lives. There are hundreds of meditation books out there. Many written by monks, and some written by hippies and spiritual gurus. But how many of these books are written by an ordinary dude? Someone who is just like you: someone who has a day job, whose preferred outfit is jeans and a t-shirt, and enjoys knocking back a few beers on Friday night? I'm as ordinary as they come. The only difference...I've been meditating for over 13 years. And I want to show you how you can meditate too—in a straightforward language that any ordinary dude or dudette can understand. Over a decade of practice, meditation has transformed my life, bringing more peace, calm and clarity into it than I could have ever imagined when I started at the age of 19. And now, I want to share how meditation can do the same for you. Learn Calmness, Contentment, and Coping Skills Practical Mindfulness is the one book I recommend to my patients, even when they don't believe they want to start meditating." —Lisa Goldstein, MD—Child and Adolescent Psychiatrist Master the nuts and bolts of meditation, without the crystals and granola. This book is a no-nonsense, no-incense training guide to the life-changing benefits of mindfulness. Training exercises that work. Practical Mindfulness approaches mindfulness and meditation from a hands-on, how-to, irreverent perspective—appealing directly to smart readers curious about meditation. By applying Dr. Sazima's training routines, learn to spend more time in real engagement with the world. Cultivate a deeper appreciation of experiences, from the everyday to the extraordinary, and live your life more fully, wisely, and joyfully. A practical approach to finding "home." We all search for that safe, comfortable feeling of peace of mind—our inner "home." When we face challenges—economic crisis or a life-threatening health problem—we can realize with blinding clarity there is no sustainable outside solution. Those without a more developed interior awareness can suffer stress, anxiety, and depression. Our real home, a place we can always return to no matter what, is actually inside of us. We're practically there. Meditation training from an expert. Dr. Sazima is a board-certified psychiatrist, educator of family doctors-in-training at Stanford's Family Medicine Residency, and experience meditator and meditation teacher. He is also a survivor of a rare bone cancer who used the powerful practice of meditation to navigate his medical crisis. Now, he is on a "pay it forward" mission to help us gain a practical understanding and mastery of mindful awareness, and to show us why and how meditation works. Readers of books such as 10% Happier; The Untethered Soul; Wherever You Go, There You Are; or Buddha's Brain, will love Practical Mindfulness. A veteran teacher provides a low-key approach to learning to meditate and opening one's life up to happiness, clarity and peace by using your breathing, the sounds around you, the sky, or the sense of "I" as a guide. Original. A bestselling and thorough guide to meditation, with anecdotes and tips from the author's extensive experience. Learn simple breathing techniques, along with the most effective meditation methods and QiGong practised sitting or in movement, including traditional and lesser-known techniques, from down-to-earth descriptions, and over 250 illustrations, hand-drawn by the author (B&W). This book is meant for anyone and everyone interested in learning meditation, regardless of age, sex, physical or mental state or ability, religious or spiritual views, and previous experience in meditation practice. Meditation will be regarded as a tool, or vehicle, you might use along your path. The techniques taught within, are not follow-along meditations, that you can just do step-

by-step, prescribed for specific goals, situations, or life events. The goal of this volume is to help you understand meditation, empowering you with the knowledge and experience to build up your own routine and your very own, personal meditation practice. Embark on a journey to happiness and fulfillment in seven simple steps

A Guide to Happiness is a seven-step personal development programme that will help you rediscover your zest for life. The techniques and exercises in this book are designed to help you plot out your own way to happiness in small, actionable steps. Presented in a handy pocket size with beautiful full-color illustrations, this book is perfect for taking around with you and applying its tips to your daily life.

- Includes mindful exercises in every chapter
- Features plans for health and happiness for you to fill in
- Includes an exclusive audio link so you can listen to guided meditations

Say goodbye to stress and the perils of feeling low as you set off on a deeply satisfying personal journey. Meditation is increasingly recommended for relaxation, for enhancing relationships and well-being, to increase performance in sports and business, for personal growth, and to assist healing. Introducing mindfulness-based stillness meditation, Ian Gawler and Paul Bedson explain how to build a daily meditation practice. The authors also show how meditation can be used to work with our emotions, aid healing, manage pain, or as a spiritual practice. Meditation is a path we can pursue and refine throughout our lives. Drawing on modern science as well as ancient Eastern traditions and the authors' own extensive personal experience as practitioners and teachers, this guide offers the techniques and understanding needed to explore meditation practice deeply. It is also an invaluable resource for meditation teachers from all background.

Quiet the mind, feel less stressed, less tired, and achieve a new level of calm and fulfillment in just ten minutes a day

Andy Puddicombe, a former Buddhist monk, the Voice of Headspace, and the UK's foremost mindfulness expert, is on a mission: to get people to take 10 minutes out of their day to sit in the here and now. Like his readers and students, Andy began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine—proving that just 10 minutes a day can make a world of difference. Accessible and portable, **The Headspace Guide to Meditation and Mindfulness** offers simple but powerful meditation techniques that positively impact every area of physical and mental health: from productivity and focus, to stress and anxiety relief, sleep, weight-loss, personal relationships...the benefits are limitless. The result? More headspace, less stress. Andy brings this ancient practice into the modern world, tailor made for the most time starved among us.

- * Fall asleep at night
- * Feel less anxious, sad, or angry
- * Control your cravings
- * Find a healthy weight

THE LIFE-CHANGING BESTSELLER - OVER 1.5 MILLION COPIES SOLD

'A deeply compassionate guide to self-care - simple and profound'

Sir Kenneth Branagh

'If you want to free yourself from anxiety and stress, and feel truly at ease with yourself, then read this book'

Ruby Wax

Authoritative, beautifully written and much-loved by its readers, **Mindfulness: A practical guide to finding peace in a frantic world** has become a word-of-mouth bestseller and global phenomenon. It reveals a set of simple yet powerful practices that you can incorporate into daily life to break the cycle of anxiety, stress unhappiness and exhaustion. It promotes the kind of happiness that gets into your bones and allows you to meet the worst that life throws at you with new courage. Mindfulness is based on mindfulness-based cognitive therapy (MBCT). Co-developed by Professor Mark Williams of Oxford University, MBCT is recommended by the UK's National Institute for Health and Care Excellence and is as effective as drugs for preventing depression. But, equally, it works for the rest of us who aren't depressed but who are struggling to keep up with the relentless demands of the modern world. By investing just a few minutes each day, this classic guide to mindfulness will put you back in control of your life once again. As countless meditators have learned firsthand, meditation practice can positively transform the way we see and experience our lives. This practical, accessible guide to the fundamentals of Buddhist meditation introduces you to the practice, explains how it is approached in the main schools of Buddhism, and offers advice and inspiration from Buddhism's most renowned and effective meditation teachers, including Pema Chödrön, Thich Nhat Hanh, the Fourteenth Dalai Lama, Sharon Salzberg, Norman Fischer, Ajahn Chah, Chögyam Trungpa Rinpoche, Shunryu Suzuki Roshi, Sylvia Boorstein, Noah Levine, Judy Lief, and many others. Topics include how to build excitement and energy to start a meditation routine and keep it going, setting up a meditation space, working with and through boredom, what to look for when seeking others to meditate with, how to know when it's time to try doing a formal meditation retreat, how to bring the practice "off the cushion" with walking meditation and other practices, and much more.

THE NEW YORK TIMES BESTSELLER FROM THE AUTHOR OF 10% HAPPIER

Too busy to meditate? Can't turn off your brain? Curious about mindfulness but more comfortable in the gym? This book is for you. You'll also get access to guided audio meditations on the 10% Happier app, to jumpstart your practice from day one.

ABC News anchor Dan Harris used to think that meditation was for people who collect crystals, play Ultimate Frisbee, and use the word "namaste" without irony. After he had a panic attack on live television, he went on a strange and circuitous journey that ultimately led him to become one of meditation's most vocal public proponents. Harris found that meditation made him more focused and less yanked around by his emotions. According to his wife, it also made him less annoying. Science suggests that the practice can lower your

blood pressure, mitigate depression and anxiety, and literally rewire key parts of the brain. So what's holding you back? In *Meditation for Fidgety Skeptics*, Harris and Jeff Warren, a masterful teacher and "Meditation MacGyver," embark on a gonzo cross-country quest to tackle the myths, misconceptions, and self-deceptions that keep people from meditating. It is filled with game-changing and deeply practical meditation instructions—all of which are also available (for free) on the 10% Happier app. This book is a trip worth taking. Praise for *Meditation for Fidgety Skeptics* "If you're intrigued by meditation but don't know how to begin—or you've benefited from meditation in the past but need help to get started again—Dan Harris has written the book for you. Well researched, practical, and crammed with expert advice, it's also an irreverent, hilarious page-turner."—Gretchen Rubin, author of *The Happiness Project* "The ABC News anchor, a 'defender of worrying' who once had an anxiety attack on air, offers a hilarious and stirring account of his two-steps-forward-one-step-back campaign to sort 'useless rumination' from 'constructive anguish' via mindfulness, along with invaluable suggestions for following in his footsteps."—O: The Oprah Magazine Describes the transformational journey to enlightenment and awareness using the tarot, astrology, the Qabalah, the alchemy of transformation, and analytical psychology. To nourish your spiritual self you need Learn on-the-go meditation techniques to improve your concentration and memory and enhance your self-esteem, using this unique visual guide. Follow the clear, step-by-step instructions anytime, anywhere—at home, on the beach, or on a business trip. Practice meditations sitting on a simple, upright chair; there's no need to fold yourself into uncomfortable positions. Explore a variety of meditation techniques, from mindfulness meditation to tai chi, to find the practices that suit you. Use the short "mini-meditations" to fit meditation into a busy lifestyle, or to sample a variety of different styles. Find out the benefits of meditation on your mind and brain, examining how it works and the scientific evidence behind its effects. Whether you are new to meditation or looking to expand your existing knowledge, this practical guide on how to meditate provides everything you need to start (or continue) your meditative journey.

Reviews: Giovanni explores the many different ways to meditate, and also how to apply the benefits of meditation in all areas of our lives. I was blown away by how good Practical Meditation really is. A phenomenal book, from a deep teacher." -Rick Hanson, Phd and bestselling author of *Buddha's Brain* How to meditate—a concise, pocket-size guide that tells you everything you need to know, from the best-selling author of *The Buddha Walks into a Bar...* This is the ultimate go-to guide for learning how to meditate. It contains all the instructions you'll need to get started in a remarkably short space, but it also shows you how to make meditation practice a permanent part of your life, infusing it with wisdom and compassion as you go about your day. And it's instruction in the voice of the meditation teacher the young spiritual-but-not-religious crowd have come to trust: Lodro Rinzler, a young Buddhist teacher who speaks to the twenty- and thirty-something crowd in a way that has made his first book, *The Buddha Walks into a Bar...*, a best seller. Lodro begins by challenging you to understand why you want to meditate in the first place, then, after the basic instructions, he shows how to prioritize your practice among your other daily activities and make it the center of all of them. He then shows you how to bring the wisdom and insight gained from meditation into all aspects of life. More and more people are beginning to recognize a profound inner longing for authenticity, connection, compassion, and aliveness. Meditation, Pema explains, gives us a golden key to address this yearning. This comprehensive guide shows readers how to honestly meet and openly relate with the mind to embrace the fullness of our experience as we discover:

- The basics of meditation, from getting settled and the six points of posture to working with your breath and cultivating an attitude of unconditional friendliness
- Gentleness, patience and humor – three ingredients for a well-balanced practice
- Shamatha (or calm abiding), the art of stabilizing the mind to remain present with whatever arises
- Thoughts and emotions as "sheer delight"—instead of obstacles-in meditation

Here is an indispensable book from the meditation teacher who remains a first choice for students the world over. Ani Pema Chödrön is an American-born Tibetan Buddhist nun and best selling author. She taught as an elementary school teacher for many years in both New Mexico and California. Pema has two children and three grandchildren. Tags: meditation, meditation for beginners, meditation techniques, guided meditation, mindfulness meditation, benefits of meditation, zen meditation

Let the words of my mouth and the meditation of my heart be acceptable in Your sight. — Psalm 19:14 Do you long to deepen your intimacy with the Lord? To find a sense of soul-steadying peace? To develop emotional strength? Then you will need to pause long enough to be still and know He is God. Trusted Pastor Robert Morgan leads us through a journey into biblical meditation, which, he says, is thinking Scripture—not just reading Scripture or studying Scripture or even thinking about Scripture—but thinking Scripture, contemplating, visualizing, and personifying the precious truths God has given us. The practice is as easy and portable as your brain, as available as your imagination, as near as your Bible, and the benefits are immediate. As you ponder, picture, and personalize God's Word, you begin looking at life through His lens, viewing the world from His perspective. And as your thoughts become happier and holier and brighter, so do you. Introduces the concept of meditation, offers advice on meditating, and describes various types of meditation and how they can influence one's life. Students of mediation are usually surprised to discover that a Jewish mediation tradition exists and that it was an authentic and integral part of mainstream Judaism until the eighteenth century. Jewish Meditation is a step-by-step introduction to meditation and the Jewish practice of meditation in particular. This practical guide covers such topics as mantra meditation, contemplation, and visualization within a Jewish context. It shows us how to use meditative techniques to enhance prayer using the traditional liturgy—the Amidah and the Shema. Through simple exercises and clear explanations of theory, Rabbi Kaplan gives us the tools to develop our spiritual potential through an authentically Jewish meditative practice. Uniquely comprehensive, this one-stop resource describes thirty-?ve distinct meditation practices, detailing their historical background and contemporary use, ways to begin, and additional resources. The what and why of meditation in general are discussed, with emphasis on helping readers discover what particular type of meditators they are. Disciplines grounded in Buddhism, Tantrism, Taoism, Judaism, and Islam are included, as are contemplative prayer, Quaker worship, and indigenous traditions. Drumming, trance dancing, yoga, mindfulness, labyrinth walking, gardening, and even needle crafts are explored in a spirit that invites and instructs novice, devotee, and healing professional alike. How to choose an approach? The authors ask questions that steer readers toward options that match their habits, preferences, and needs. A modernized approach to meditation that will appeal to anyone, even if - especially if - you believe you have no time, you can't sit still, or that "it's just not you." Whether you're a Fortune 500 CEO or someone bogged down with a never-ending to-do list, the proven secret to being more effective and living a happier, healthier life is to hurry up and slow down, to unplug. Studies show that you can get more done - and do it better - by doing less, just by consciously unplugging for a few minutes each day and meditating. This revolutionary book by the founder and CEO of the groundbreaking LA-based meditation studio Unplug Meditation brilliantly simplifies this powerful practice and shows the overwhelmed and overworked how easy it is to unplug in order to relieve stress, regain focus, and recharge. Schwartz debunks the common misperceptions about meditation, including the notion that you need to sit still for long periods of time, or that you need to "turn off your brain." She also shares the life-changing benefits you will experience, the proven science of how meditation literally changes your brain, as well as easy techniques and tips to easily incorporate meditation into your daily life. A Guide to Meditation and Mindfulness for the Modern Day In our never-ending search for happiness we often find ourselves looking to external things for fulfillment, thinking that happiness can be unlocked by buying a bigger house, getting the next promotion, or building a perfect family. In this profound and inspiring book, Gelong Thubten shares a practical and sustainable approach to happiness. Thubten, a Buddhist monk and meditation expert who has worked with everyone from school kids to Silicon Valley entrepreneurs and Benedict Cumberbatch, explains how meditation and mindfulness can create a direct path to happiness. A Monk's Guide to Happiness explores the nature of happiness and helps bust the myth that our lives and minds are too busy for meditation. The book can show you how to: - Learn practical methods to help you choose happiness - Develop greater compassion for yourself and others - Learn to meditate in micro-moments during a busy day - Discover that you are naturally 'hard-wired' for happiness Reading A Monk's Guide to Happiness could revolutionize your relationship with your thoughts and emotions, and help you create a life of true happiness and contentment. The lamrim (stages of the path) presentation of Buddhist teachings has become a core topic of study at many Buddhist centers in the West. For busy practitioners, the lamrim gives a concise and easily graspable picture of the Buddhist path. Best-selling author Thubten Chodron has a unique ability to present these teachings. In this volume, she provides clear explanations of the stages of the path, while the accompanying audio program contains guided meditations on each of the topics covered in the text. The meditation teachings of lamrim, says Buddhist teacher Thubten Chodron, are like ready-made clothes that are easy to wear: they're systematized so that we can wear them right away, so we can learn and practice them in an organized fashion. Lamrim can be translated in various ways:

"stages of the path," "steps on the path," or "gradual path." "Gradual path" reminds us that the process of transforming the mind, unlike so many other things in our hurry-up society, is a slow and thoughtful one. These systematic teachings are the subject of this book. The lamrim presents a step-by-step method to tame the mind, and each person will find meaning and insight according to his or her level of understanding. As readers practice these meditations repeatedly, their comprehension and experience will transform and deepen, even though the words used to spark the meditation sessions remain the same. The first section of guided meditations discusses how to establish a daily practice, how to set up an altar, and how to approach the two kinds of meditation—stabilizing and analytical. The second presents the meditations. The third supplies an overview, instructions for working with distractions, antidotes to mental afflictions, advice for newcomers, and suggestions on how to deepen Dharma practice. The accompanying audio program (available to eBook buyers as a free MP3 download) contains over fourteen hours of guided meditations, led by Thubten Chodron. Individuals who live far from Buddhist teachers or Dharma centers will appreciate the personal guidance offered with these meditations, enabling them to begin and continue a daily meditation practice. This is a new and expanded version of Guided Meditations on the Lam Rim, and the recording was previously published in a 14-CD format under that name. Spiritual practice is not some kind of striving to produce enlightenment, but an expression of the enlightenment already inherent in all things: Such is the Zen teaching of Dogen Zenji (1200-1253) whose profound writings have been studied and revered for more than seven hundred years, influencing practitioners far beyond his native Japan and the Soto school he is credited with founding. In focusing on Dogen's most practical words of instruction and encouragement for Zen students, this new collection highlights the timelessness of his teaching and shows it to be as applicable to anyone today as it was in the great teacher's own time. Selections include Dogen's famous meditation instructions; his advice on the practice of zazen, or sitting meditation; guidelines for community life; and some of his most inspirational talks. Also included are a bibliography and an extensive glossary.
