Cross of Lead is the Newbery Medal winning story of a young boy hiding from the law. Set in 14th Century England, the young boy, only known as Crispin, finds himself on the run from Lord Furnival and his evil steward, John Aycliffe. When Crispin overhears the private conversation of Aycliffe and another man in the forest, he becomes the object of a massive hunt. Crispin then flees from the area after his only allies, his mother and Father Quinel, are dead. Crispin soon meets up with Bear, a travelling entertainer, who trains him in the arts of the mummer. Bear is not what he seems however, and Crispin is thrown into a life full of dangerous adventures that lead to a dramatic ending where the secret of Crispin's heritage is revealed. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.

Cross Body Lead Jan 11 2022 How far would you go to right an injustice? At a college campus across the bay from San Francisco, Billie Ochoa teaches Cold War politics and Cuban history. She is charismatic, unapologetic, resolute. Inspired by her dead father's love for his Cuban homeland, she is a regular at a salsa dancing class at the local community center, and an advocate for the vulnerable, marginalized and exploited. But when one

of her students, Evelyn Davis, needs her help, Billie gets more than she's bargained for. One of the few Black students on campus, Evelyn is used to being followed in drug stores and clothing shops, but it's different when Eddie Pike, another student in Ochoa's class, follows her home, posts photos of her on social media, and texts her multiple times a day, repeatedly asking her out on a date. Evelyn tries to keep her cool but is becoming frustrated and scared as Eddie refuses to take no for an answer. She confides her fears to her professor as the stalking escalates. Trash cans are overturned. Someone has broken into her apartment, but campus police and college officials continue to dismiss Evelyn's concerns. Even the campus counselor, bound by confidentiality laws, is unable to reassure Billie-or anyone else-about the risk Eddie poses. Seemingly out of options, Ochoa is forced to take matters into her own hands. Lyrical and poignant, edgy, bold and honest, *Cross Body Leads* is a story at once cautionary and all too real. Where indifference leads to tragedy, but the ultimate lessons learned are ones of compassion and love.

Feathers Jun 04 2021 A Newbery Honor Book A beautiful and moving novel from a three-time Newbery

Honor-winning author "Hope is the thing with feathers" starts the poem Frannie is reading in school. Frannie hasn't thought much about hope. There are so many other things to think about. Each day, her friend Samantha seems a bit more "holy." There is a new boy in class everyone is calling the Jesus Boy. And although the new boy looks like a white kid, he says he's not white. Who is he? During a winter full of surprises, good and bad, Frannie starts seeing a lot of things in a new light—her brother Sean's deafness, her mother's fear, the class bully's anger, her best friend's faith and her own desire for "the thing with feathers." Jacqueline Woodson once again takes readers on a journey into a young girl's heart and reveals the pain and the joy of learning to look beneath the surface. "[Frannie] is a wonderful role model for coming of age in a thoughtful way, and the book offers to teach us all about holding on to hope."—Children's Literature "A wonderful and necessary purchase for public and school libraries alike."—VOYA

Dare to Lead Apr 21 2020 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the

five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research,

stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

That Inevitable Victorian Thing Dec 18 2019 Speculative fiction from the acclaimed bestselling author of *Exit, Pursued by a Bear* and *Star Wars: Ahsoka*. Victoria-Margaret is the crown princess of the empire, a direct descendent of Victoria I, the queen who changed the course of history. The imperial tradition of genetically arranged matchmaking will soon guide Margaret into a politically advantageous marriage. But before she does her duty, she'll have one summer of freedom and privacy in a far corner of empire. Posing as a commoner in Toronto, she meets Helena Marcus, daughter of one of the empire's greatest placement geneticists, and August Callaghan, the heir to a powerful shipping firm currently besieged by American pirates. In a summer of high-society debutante balls, politically charged tea parties, and romantic country dances, Margaret, Helena, and August discover they share an extraordinary bond and maybe a one-in-a-million chance to have what they want and to change the world in the process. Set in a near-future world where the British Empire was preserved not by the cost of blood and theft but by the effort of repatriation and promises kept, *That Inevitable Victorian Thing* is a surprising,

romantic, and thought-provoking story of love, duty, and the small moments that can change people and the world. ? "This witty and romantic story is a must-read."—SLJ, starred review ? "Compelling and unique—there's nothing else like it."—Booklist, starred review. ? "[A] powerful and resonant story of compassion, love, and finding a way to fulfill obligations while maintaining one's identity."—PW, starred review

The Trumpeter of Krakow Nov 28 2020 For well over thirty years, Eric P. Kelly's Newbery Award winner has brought the color and romance of ancient times to young readers. Today, *The Trumpeter of Krakow* is as absorbing and dramatic as when it was first published in 1928. There was something about the Great Tarnov Crystal...Wise men spoke of it in hushed tones. Others were ready to kill for it. Now a murderous Tartar chief is bent on possessing it. But young Joseph Charnetski was bound by an ancient oath to protect the jewel at all costs. When Joseph and his family seek refuge in medieval Krakow, they are caught up in the plots and intrigues of alchemists, hypnotists, and a dark messenger of evil. Will Joseph be able to protect the crystal, and the city, from the plundering Tartars?

Crispin: The End of Time Oct 20 2022 As long as I could keep myself out of bondage, I would be true to Bear's teaching. And so it was that beyond all else,

I was determined to keep my freedom. After the death of their beloved mentor, Bear, Crispin and Troth are more desperate than ever, wandering the desolate French countryside, where they don't speak the language and know no one. The only hope they cling to is that somehow they can reach Iceland, where Bear had said there were no kings or lords, and where they can live in freedom. Crispin is determined to fulfill this dream, both for himself and to honor Bear's memory. But the road to liberty is filled with danger, betrayal, and loss. Crispin must decide for himself what freedom really means—and how high a price he is willing to pay for it.

Crime And Punishment Sep 07 2021 A few words about Dostoevsky himself may help the English reader to understand his work. Dostoevsky was the son of a doctor. His parents were very hard-working and deeply religious people, but so poor that they lived with their five children in only two rooms. The father and mother spent their evenings in reading aloud to their children, generally from books of a serious character. Though always sickly and delicate Dostoevsky came out third in the final examination of the Petersburg school of Engineering. There he had already begun his first work, "Poor Folk." This story was published by the poet Nekrassov in his review and was received with acclamations. The shy, unknown youth found himself instantly something of a celebrity. A brilliant and successful career seemed to open before him, but those hopes were soon dashed. In 1849 he was arrested.

Deep Learning Dec 30 2020 An introduction to a broad range of topics in deep learning, covering mathematical and conceptual background, deep learning techniques used in industry, and research perspectives. "Written by three experts in the field, *Deep Learning* is the only comprehensive book on the subject." –Elon Musk, cochair of OpenAI; cofounder and CEO of Tesla and SpaceX *Deep learning* is a form of machine learning that enables computers to learn from experience and understand the world in terms of a hierarchy of concepts. Because the computer gathers knowledge from experience, there is no need for a human computer operator to formally specify all the knowledge that the computer needs. The hierarchy of concepts allows the computer to learn complicated concepts by building them out of simpler ones; a graph of these hierarchies would be many layers deep. This book introduces a broad range of topics in deep learning. The text offers mathematical and conceptual background, covering relevant concepts in linear algebra, probability theory and information theory, numerical computation, and machine learning. It describes deep learning techniques used by practitioners in industry, including deep feedforward networks, regularization, optimization algorithms, convolutional networks, sequence modeling, and practical methodology; and it surveys such applications as natural language processing, speech recognition, computer vision, online recommendation systems, bioinformatics, and videogames. Finally, the book offers research perspectives, covering such theoretical topics as linear factor models,

autoencoders, representation learning, structured probabilistic models, Monte Carlo methods, the partition function, approximate inference, and deep generative models. Deep Learning can be used by undergraduate or graduate students planning careers in either industry or research, and by software engineers who want to begin using deep learning in their products or platforms. A website offers supplementary material for both readers and instructors.

Gold Rush Girl Jul 25 2020 Newbery Medalist Avi brings us mud-caked, tent-filled San Francisco in 1848 with a willful heroine who goes on an unintended – and perilous – adventure to save her brother. Victoria Blaisdell longs for independence and adventure, and she yearns to accompany her father as he sails west in search of real gold! But it is 1848, and Tory isn't even allowed to go to school, much less travel all the way from Rhode Island to California. Determined to take control of her own destiny, Tory stows away on the ship. Though San Francisco is frenzied and full of wild and dangerous men, Tory finds freedom and friendship there. Until one day, when Father is in the gold fields, her younger brother, Jacob, is kidnapped. And so Tory is spurred on a treacherous search for him in Rotten Row, a part of San Francisco Bay crowded with hundreds of abandoned ships. Beloved storyteller Avi is at the top of his form as he ushers us back to an extraordinary time of hope and risk, brought to life by a heroine readers will cheer for. Spot-on details and high suspense make this a vivid, absorbing historical adventure.

Wuthering Heights Jun 23 2020 *Wuthering Heights* is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date "1500," and the name "Hareton Earnshaw." I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here "the house" pre-eminently. It includes kitchen and parlour, generally; but I believe at *Wuthering Heights* the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting,

boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.
