Ten tiny turtles take you on a historical journey through New Orleans to celebrate the tri-centennial in 2018. From when the French explorers first disembarked from their tall ships, waded ashore, and established the city of New Orleans, to the city's topsy-turvy history of pirates and parades, battles and brass bands, colorful cuisine, a chess champ, and some very heavy weather, the turtle family of Brennan's restaurant has borne quiet witness from its stately courtyard. In the tradition of New Orleans' rich culinary history, the first five of the ten tiny turtles, the Muthas, have been named after the five mother sauces of classical French cuisine, which are so essential to the city's fare: Béchamel, Espagnole, Hollandaise, Tomate, and Velouté. The Othas, bear the names of five other sauces that complement signature New Orleans dishes: Bordelaise, Cocktail, Mignonette, Remoulade, and Ravigote. Here, for the first time, the present generation of ten tiny turtles – nine girls and one boy – reveals the vibrant evolution of the beloved city, New Orleans, and in particular, the story of one of its most iconic restaurants, Brennan's, in the historic French Quarter. Miss Heck's Thanksgiving Party: Or Topsy Up to Date is a story by Ida Hamilton Munsell. Miss Myra Heck is the daughter of two African American parents in a prevalently white society and must prove herself with her skills in throwing the best parties in town! Reuse, recycle, renew, and rethink! Climb aboard the Topsy-Turvy Bus with Maddy and Jake as it travels around the country teaching communities the importance of taking care of the earth and creating a better, cleaner, healthier world. Based on a real Topsy-Turvy Bus created by Hazon, the largest Jewish environmental organization in North America. A sailing car, flying children, and talking cows are all part of a very topsy-turvy world. In 1903, on Coney Island, an elephant named Topsy was electrocuted, and over the past century, this bizarre, ghoulish execution has reverberated through popular culture with the whiff of urban legend. But it really happened, and many historical forces conspired to bring Topsy, Thomas Edison, and those 6600 volts of alternating current together that day. Tracing them all in Topsy The Startling Story of the Crooked Tailed Elephant, P.T. Barnum, and the American Wizard, Thomas Edison, journalist Michael Daly weaves together a fascinating popular history, the first book on this astonishing tale. At the turn of the century, the circus in America was at its apex with the circuses of P.T. Barnum and Adam Forepaugh (or 4-Paw) competing in a War of the Elephants, with declarations of whose pachyderms were younger, bigger, or more "sacred". This brought Topsy to America, fraudulently billed as the first native-born, and caught between the circus disputes and the War of the Currents, in which Edison and George Westinghouse (and Nikola Tesla) battled over alternating versus direct current. Rich in period Americana, and full of circus tidbits and larger than life characters—both human and elephant—Topsy is a touching tale and an entertaining read. Join Topsy and
