No Hormones, No Fear Nov 16 2019 Five years ago, at the age of forty-six, Trisha Posner was surprised to learn from a blood test that she was in full-blown menopause. Her gynecologist urged her to begin hormones immediately, but, mindful of her family's history of breast cancer, she refused. *No Hormones, No Fear* is the story of Posner's search for an alternative to the AMA's sanctioned regimen of hormone replacement therapy. In a wonderfully engaging personal account, she reveals how she mastered menopause naturally, by developing a unique program involving exercise, diet, nutrition, and herbs. She not only successfully alleviated her symptoms but actually significantly improved her health and quality of life. Now updated with the latest major medical studies, which raise troubling questions about estrogen replacement for millions of women, *No Hormones, No Fear* is an indispensable primer for women confronting the thicket of conflicting information about whether or not to choose hormones during menopause. Trisha Posner, through her own inspiring story, shows that today's modern women finally have choices and can empower themselves by taking control of their health and lives.

The Auschwitz Volunteer Apr 21 2020 September 1940. Polish Army officer Witold Pilecki deliberately walked into a Nazi German street round-up in Warsaw and became Auschwitz Prisoner No. 4859. He had volunteered for a secret undercover mission: smuggle out intelligence about the new German concentration camp, and build a resistance organization among prisoners. Pilecki's clandestine i

Measure of a Man Apr 02 2021 He's been called "America's greatest living tailor" and "the most interesting man in the world." Now, for the first time, Holocaust-survivor Martin Greenfield tells his whole, incredible life story. Taken from his Czechoslovakian home at age fifteen and transported to the Nazi concentration camp at Auschwitz with his family, Greenfield came face-to-face with "Angel of Death" Dr. Joseph Mengele and was divided forever from his parents, sisters, and baby brother. In haunting, powerful prose, Greenfield remembers his desperation and fear as a teenager alone in the death camp--and how an impulsive decision to steal an SS soldier's shirt dramatically altered the course of his life. He learned how to sew; and when he began wearing the shirt under his prisoner uniform, he learned that clothes possess great power and could even help save his life. *Measure of a Man* is the story of a man who suffered unimaginable horror and emerged with a dream of success. From sweeping floors at a New York clothing factory to founding America's premier handmade suit company, Greenfield built a fashion empire. Now 86-years-old and working with his sons, Greenfield has dressed the famous and powerful of D.C. and Hollywood, including Presidents Dwight Eisenhower, Bill Clinton, and Barack Obama and celebrities Paul Newman, Martin Scorsese, Leonardo DiCaprio, and Jimmy Fallon. Written with soul-baring honesty and, at times, a wry sense of humor, *Measure of a Man* is a memoir unlike any other--one that will inspire hope and renew faith in the resilience of man.

We Were in Auschwitz May 15 2022 Written in 1945 by three young Polish former inmates of Auschwitz, "We Were in Auschwitz" was one of the very first books ever written about the horrors of the Nazi concentration camp. The book reflects the political chaos just after the war and tells first hand the horrors of the Holocaust.

I Escaped from Auschwitz Jun 04 2021 The Stunning and Emotional Autobiography of an Auschwitz Survivor April 7, 1944—This date marks the successful escape of two Slovak prisoners from one of the most heavily-guarded and notorious concentration camps of Nazi Germany. The escapees, Rudolf Vrba and Alfred Wetzler, fled over one hundred miles to be the first to give the graphic and detailed descriptions of the atrocities of Auschwitz. Originally published in the early 1960s, *I Escaped from Auschwitz* is the striking autobiography of none other than Rudolf

Vrba himself. Vrba details his life leading up to, during, and after his escape from his 21-month internment in Auschwitz. Vrba and Wetzler manage to evade Nazi authorities looking for them and make contact with the Jewish council in Zilina, Slovakia, informing them about the truth of the “unknown destination” of Jewish deportees all across Europe. This first-hand report alerted Western authorities, such as Pope Pius XII, Winston Churchill, and Franklin D. Roosevelt, to the reality of Nazi annihilation camps—information that until then had only been recognized as nasty rumors. I Escaped from Auschwitz is a close-up look at the horror faced by the Jewish people in Auschwitz and across Europe during World War II. This newly edited translation of Vrba’s memoir will leave readers reeling at the terrors faced by those during the Holocaust. Despite the profound emotions brought about by this narrative, readers will also find an astounding story of heroism and courage in the face of seemingly hopeless circumstances.

The Crosses of Auschwitz Nov 28 2020 In the summer and fall of 1998, ultranationalist Polish Catholics erected hundreds of crosses outside Auschwitz, setting off a fierce debate that pitted Catholics and Jews against one another. While this controversy had ramifications that extended well beyond Poland’s borders, Geneviève Zubrzycki sees it as a particularly crucial moment in the development of post-Communist Poland’s statehood and its changing relationship to Catholicism. In *The Crosses of Auschwitz*, Zubrzycki skillfully demonstrates how this episode crystallized latent social conflicts regarding the significance of Catholicism in defining “Polishness” and the role of anti-Semitism in the construction of a new Polish identity. Since the fall of Communism, the binding that has held Polish identity and Catholicism together has begun to erode, creating unease among ultranationalists. Within their construction of Polish identity also exists pride in the Polish people’s long history of suffering. For the ultranationalists, then, the crosses at Auschwitz were not only symbols of their ethno-Catholic vision, but also an attempt to lay claim to what they perceived was a Jewish monopoly over martyrdom. This gripping account of the emotional and aesthetic aspects of the scene of the crosses at Auschwitz offers profound insights into what Polishness is today and what it may become.

It is the first encyclopedic work to bridge the gap between the literary production of countries that are considered to be main sites of the Holocaust and their recognition in international academic and public discourse. It contains over 100 entries offering not only facts about the content and motifs but also pointing out the characteristic fictional features of each work and its meaning for academic discourse and wider reception in the country of origin and abroad. The publication will appeal to the academic and broader public interested in the representation of the Holocaust, anti-Semitism, and World War II in literature and the arts. Besides prose, it also considers poetry and theatrical plays from 1943 through 2018. The publication is the result of long-term scholarly cooperation of specialists from four countries and several dozen academic centres.

Nazi Medical Experiments Oct 28 2020 Nazism cursed the European continent and tried to dominate the world. It was a racist dogma enforced by racist bullies and brutal criminals. Before Adolf Hitler was crushed, between 50 and 60 million people died. Nazis extended their cruelties into the realm of medicine, their grinning doctors, many of them once distinguished professors with advanced degrees, torturing thousands, including children, to death in grisly ways in filthy back rooms at the many Nazi camps or in special murder “clinics.” This book discusses some of the hideous crimes against humanity they committed, all of it with a clear conscience and without a second thought. There is also a section on medical “experiments” and atrocities carried out, even in the days of the 21st Century, in a developed country near you.

Fighting Auschwitz Jan 11 2022 The story of underground resistance among the prisoners at the infamous Auschwitz concentration camp.

Franci’s War Sep 07 2021 The engrossing memoir of a spirited and glamorous young fashion designer who survived World War II, with an afterword by her daughter, Helen Epstein. In the summer of 1942, twenty-two year-old Franci Rabinek--designated a Jew by the Nazi racial laws--arrived at Terezin, a concentration camp and ghetto forty miles north of her home in Prague. It would be the beginning of her three-year journey from Terezin to the Czech family camp in Auschwitz-Birkenau, to the slave labor camps in Hamburg, and Bergen Belsen. After liberation by the British in April 1945, she finally returned to Prague. Franci was known in her group as the Prague dress designer who lied to Dr. Mengele at an Auschwitz selection, saying she was an electrician, an occupation that both endangered and saved her life. In this memoir, she offers her intense, candid, and sometimes funny account of those dark years, with the women prisoners in her tight-knit circle of friends. *Franci’s War* is the powerful testimony of one incredibly strong young woman who endured the horrors of the Holocaust and survived.

Our Crime Was Being Jewish Jul 05 2021 In the shouted words of a woman bound for Auschwitz to a man about to escape from a cattle car, "If you get out, maybe you can tell the story! Who else will tell it?" *Our Crime Was Being Jewish* contains 576 vivid memories of 358 Holocaust survivors. These are the true, insider stories of victims, told in their own words. They include the experiences of teenagers who saw their parents and siblings sent to the gas chambers; of starving children beaten for trying to steal a morsel of food; of people who saw their friends commit suicide to save themselves from the daily agony they endured. The recollections are from the start of the war—the home invasions, the Gestapo busts, and the ghettos—as well as the daily hell of the concentration camps and what actually happened inside. Six million Jews were killed in the Holocaust, and this hefty collection of stories told by its survivors is one of the most important books of our time. It was compiled by award-winning author Anthony S. Pitch, who worked with sources such as the United States Holocaust Memorial Museum to get survivors' stories compiled together and to supplement them with images from the war. These memories must be told and held onto so what happened is documented; so the lives of those who perished are not forgotten—so history does not repeat itself. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Angel of Auschwitz May 03 2021 Duty, honor, country - under which circumstances does the warrior's code become irrelevant and impractical? Some would say it ends the moment an innocent life is threatened. Others would argue it always applies, no matter what the duty. But what if the duty was to eliminate an entire race of people? At what point does one's salvation hold greater bearing than one's honor? Or does it ever... "The Angel of Auschwitz" chronicles the life of Wolfgang Bremmer, an adolescent boy from the hills of Hamburg during the Nazi occupation of Germany. As a Hitler Youth, Wolfgang is captivated by the prowess of the Nazis and thrust into the ideologies of Adolf Hitler. As a young man, Wolfgang enlists in the SS-Death's Head Division, the gatekeepers of the regime's most lethal concentration camp, Dachau. It is here he is introduced to Theodor Eicke's "School of Violence" and becomes one of the most ruthless guards the SS has ever seen. After joining Hitler's Mobile Killing Units, he participates in the invasion of Poland and the evacuation and extermination of its Jewish inhabitants. Wolfgang is the ideal Nazi warrior: vicious, ruthless, and entirely intolerant. But evil erodes even the hardest of hearts and Wolfgang grows weary in the midst of all the death and destruction. His conscience returns and with that a gnawing guilt for what he and his fellow Germans have done and are about to do. With the fear of punishment for treason though, Wolfgang is trapped in the cyclone of violence; that is, until he is promoted as a guard at the Reich's newest concentration camp, Auschwitz. In the belly of such a beast as Auschwitz, though, Wolfgang discovers a secret that will not only save his own life and salvation, but the lives of so many prisoners as well.

The Holocaust Dec 30 2020 n June 1944, Freda Wineman and her family arrived at Auschwitz-Birkenau, the infamous Nazi concentration and death camp. After a cursory look from an SS doctor, Freda's life was spared and her mother was sent to the gas chambers. Freda only survived because the Allies won the war -- the Nazis ultimately wanted every Jew to die. Her mother was one of millions who lost their lives because of a racist regime that believed that some human beings simply did not deserve to live -- not because of what they had done, but because of who they were. Laurence Rees has spent twenty-five years meeting the survivors and perpetrators of the Third Reich and the Holocaust. In this sweeping history, he combines this testimony with the latest academic research to investigate how history's greatest crime was possible. Rees argues that while hatred of the Jews was at the epicenter of Nazi thinking, we cannot fully understand the Holocaust without considering Nazi plans to kill millions of non-Jews as well. He also reveals that there was no single overarching blueprint for the Holocaust. Instead, a series of escalations compounded into the horror. Though Hitler was most responsible for what happened, the blame is widespread, Rees reminds us, and the effects are enduring. *The Holocaust: A New History* is an accessible yet authoritative account of this terrible crime. A chronological, intensely readable narrative, this is a compelling exposition of humanity's darkest moment.

The Music Maker of Auschwitz IV Aug 18 2022 The inspirational true story of an Allied POW appointed Kapellmeister to the Nazis in Auschwitz. When called up to fight in yet another World War, Drum Major Jackson promised his beloved wife Mabel that he would return to lead his band and play for her once more. In May 1940, he was captured at Dunkirk and interned in several German forced labour camps throughout Poland. Two years later he was transferred to Auschwitz IV, part of the notorious concentration camp complex where it is not widely known held Allied POWs. When his captors appointed Jackson their "Kapellmeister" (man in charge of music), he seized the opportunity to provide entertainment for his fellow prisoners at rehearsals, and cover for escapees during concerts. Finally liberated in May 1945, malnourished and gravely ill, Jackson carried his secret war diary—an incredible exposé on five years of life and death in Nazi concentration camps. **THE MUSIC MAKER OF**

AUSCHWITZ IV, based on Jackson's diary, is written by his granddaughter. It is a thrilling testament to the resilience one man found in the darkest of times through his two greatest loves—music and the woman who waited for him.

The Periodic Table Dec 18 2019 The Periodic Table is largely a memoir of the years before and after Primo Levi's transportation from his native Italy to Auschwitz as an anti-Fascist partisan and a Jew. It recounts, in clear, precise, unflinchingly beautiful prose, the story of the Piedmontese Jewish community from which Levi came, of his years as a student and young chemist at the inception of the Second World War, and of his investigations into the nature of the material world. As such, it provides crucial links and backgrounds, both personal and intellectual, in the tremendous project of remembrance that is Levi's gift to posterity. But far from being a prologue to his experience of the Holocaust, Levi's masterpiece represents his most impassioned response to the events that engulfed him. The Periodic Table celebrates the pleasures of love and friendship and the search for meaning, and stands as a monument to those things in us that are capable of resisting and enduring in the face of tyranny.

Beyond Justice Feb 18 2020 In 1963, West Germany was gripped by a dramatic trial of former guards who had worked at the Nazi death camp Auschwitz. It was the largest and most public trial to take place in the country and attracted international attention. Using the pretrial files and extensive trial audiotapes, Rebecca Wittmann offers a fascinating reinterpretation of Germany's first major attempt to confront its past. Evoking the courtroom atmosphere, Wittmann vividly recounts the testimony of survivors, former SS officers, and defendants—a cross-section of the camp population. Attorney General Fritz Bauer made an extraordinary effort to put the entire Auschwitz complex on trial, but constrained by West German murder laws, the prosecution had to resort to standards for illegal behavior that echoed the laws of the Third Reich. This provided a legitimacy to the Nazi state. Only those who exceeded direct orders were convicted of murder. This shocking ruling was reflected in the press coverage, which focused on only the most sadistic and brutal crimes, allowing the real atrocity at Auschwitz—mass murder in the gas chambers—to be relegated to the background. The Auschwitz trial had a paradoxical result. Although the prosecution succeeded in exposing SS crimes at the camp for the first time, the public absorbed a distorted representation of the criminality of the camp system. The Auschwitz trial ensured that rather than coming to terms with their Nazi past, Germans managed to delay a true reckoning with the horror of the Holocaust.

Jewish Medical Resistance in the Holocaust May 23 2020 Faced with infectious diseases, starvation, lack of medicines, lack of clean water, and safe sewage, Jewish physicians practiced medicine under severe conditions in the ghettos and concentration camps of the Holocaust. Despite the odds against them, physicians managed to supply public health education, enforce hygiene protocols, inspect buildings and latrines, enact quarantine, and perform triage. Many gave their lives to help fellow prisoners. Based on archival materials and featuring memoirs of Holocaust survivors, this volume offers a rich array of both tragic and inspiring studies of the sanctification of life as practiced by Jewish medical professionals. More than simply a medical story, these histories represent the finest exemplification of a humanist moral imperative during a dark hour of recent history.

Auschwitz Aug 06 2021 Auschwitz was one of the first books to bring the full horror of the Nazi death camps to the American public; this is, as the New York Review of Books said, "the best brief account of the Auschwitz experience available."

Eyewitness Auschwitz Dec 10 2021 Filip Müller came to Auschwitz with one of the earliest transports from Slovakia in April 1942 and began working in the gassing installations and crematoria in May. He was still alive when the gassings ceased in November 1944. He saw millions come and disappear; by sheer luck he survived. Müller is neither a historian nor a psychologist; he is a source—one of the few prisoners who saw the Jewish people die and lived to tell about it. Eyewitness Auschwitz is one of the key documents of the Holocaust.

The Druggist of Auschwitz Dec 22 2022 Dieter Schlesak's haunting novel *The Druggist of Auschwitz*—beautifully translated from the German by John Hargraves—is a frighteningly vivid portrayal of the Holocaust as seen through the eyes of criminal and victim alike. Adam, known as "the last Jew of Schäßburg," recounts with disturbing clarity his imprisonment at the infamous Auschwitz concentration camp. Through Adam's fictional narrative and excerpts

of actual testimony from the Frankfurt Auschwitz Trial of 1963–65, we come to learn of the true-life story of Dr. Victor Capesius, who, despite strong friendships with Jews before the war, quickly aided in and profited from their tragedy once the Nazis came to power. Interspersed with historical research and the author's face-to-face interviews with survivors, the novel follows Capesius from his assignment as the "sorter" of new arrivals at Auschwitz—deciding who will go directly to the gas chamber and who will be used for labor—through his life of lavish wealth after the war to his arrest and eventual trial. Schlesak's seamless incorporation of factual data and testimony—woven into Adam's dreamlike remembrance of a world turned upside down—makes *The Druggist of Auschwitz* a vital and unique addition to our understanding of the Holocaust.

Last Stop Auschwitz Oct 16 2019 Written in Auschwitz itself and translated for the first time ever into English, this one-of-a-kind, minute-by-minute true account is a crucial historical testament to a Holocaust survivor's fight for his life at the largest extermination camp in Nazi Germany. "We know that there is only one ending to this, only one liberation from this barbed wire hell: death." -- Eddy de Wind In 1943, amidst the start of German occupation, Eddy de Wind worked as a doctor at Westerbork, a Dutch transit camp. His mother had been taken to this camp by Nazis but Eddy was assured by the Jewish Council she would be freed in exchange for his labor. He later found out she'd already been transferred to Auschwitz. While at Westerbork, he fell in love with a woman named Friedel and they married. One year later, they were transported to Auschwitz. Upon arrival, Friedel and Eddy were separated -- Eddy forced to work as a medical assistant in one barrack, Friedel at the mercy of Nazi experimentation in a nearby block. Sneaking moments with his beloved and communicating whenever they could, Eddy longed for the day he could be free with Friedel . . . Written in the camp itself in the weeks following the Red Army's liberation of the camp, *Last Stop Auschwitz* is the raw, true account of Eddy's experiences at Auschwitz. In stunningly poetic prose, he provides unparalleled access to the horrors he faced in the concentration camp. Including photos from Eddy's life before, during, and after the Holocaust, this poignant memoir is at once a moving love story, a detailed portrayal of the atrocities of Auschwitz, and an intelligent consideration of the kind of behavior -- both good and evil -- people are capable of. Never before published in English, this book is a vital and enduring document: a testament to the strength of the human spirit, and a warning against the depths we can sink to when prejudice is given power.

Your Pharmacist Is a Whore Jan 31 2021 If you think the big retail pharmacy chains and hospital corporations are concerned about your safety, think again. Today's pharmacists are struggling to keep patients safe while meeting the ever escalating demands of their employers. In her book "Your Pharmacist is a Whore, How pharmacists lost control of their profession and why you should care," Kim Ankenbruck, a 34 year pharmacy veteran, points out the danger you face every time you get a prescription or medication order filled. While pharmacists are incredibly detail oriented and excellent multitaskers by nature, the current workplace is chaotic and stressful due to the increased demands of upper management, coupled with staff cuts and the promotion of non pharmacist personnel over the pharmacists. At the end of the book, Kim provides contact information and sample letters you can send to both government agencies and the CEO's of the various chain pharmacies. The letters bring up many of the issues experienced by patients, as well as holding the powers that be accountable for their part in these shortcomings and demanding that they clean up their act. This book is a call to action for pharmacists and patients to stand up and push for positive change in the healthcare system, as well as an informative behind the scenes look at the profession and business of pharmacy.

Mengele: Unmasking the "Angel of Death" Nov 09 2021 A gripping biography of the infamous Nazi doctor, from a former Justice Department official tasked with uncovering his fate. Perhaps the most notorious war criminal of all time, Josef Mengele was the embodiment of bloodless efficiency and passionate devotion to a grotesque worldview. Aided by the role he has assumed in works of popular culture, Mengele has come to symbolize the Holocaust itself as well as the failure of justice that allowed countless Nazi murderers and their accomplices to escape justice. Whether as the demonic doctor who directed mass killings or the elusive fugitive who escaped capture, Mengele has loomed so large that even with conclusive proof, many refused to believe that he had died. As chief of investigative

research at the Justice Department's Office of Special Investigations in the 1980s, David G. Marwell worked on the Mengele case, interviewing his victims, visiting the scenes of his crimes, and ultimately holding his bones in his hands. Drawing on his own experience as well as new scholarship and sources, Marwell examines in scrupulous detail Mengele's life and career. He chronicles Mengele's university studies, which led to two PhDs and a promising career as a scientist; his wartime service both in frontline combat and at Auschwitz, where his "selections" sent innumerable innocents to their deaths and his "scientific" pursuits—including his studies of twins and eye color—traumatized or killed countless more; and his postwar flight from Europe and refuge in South America. Mengele describes the international search for the Nazi doctor in 1985 that ended in a cemetery in Sao Paulo, Brazil, and the dogged forensic investigation that produced overwhelming evidence that Mengele had died—but failed to convince those who, arguably, most wanted him dead. This is the riveting story of science without limits, escape without freedom, and resolution without justice.

Summary of Patricia Posner's *The Pharmacist of Auschwitz* Jan 23 2023 Please note: This is a companion version & not the original book. Sample Book Insights: #1 In the spring of 1944, the Nazi high temple of industrial-scale genocide, Auschwitz, was operating at full capacity. The Berners and eighty of their Jewish neighbors from Hungarian-controlled Transylvania got there just before sunrise after a tortuous three-day journey packed inside a cattle car. #2 Three others who were at the selection ramp that day recognized Capesius. Dr. Gisela Böhm, a pediatrician, and her nineteen-year-old daughter, Ella, had arrived on the same train. Ella had given Berner's twins comfort during the journey.

Blitzed Jul 25 2020 A New York Times bestseller, Norman Ohler's *Blitzed* is a "fascinating, engrossing, often dark history of drug use in the Third Reich" (Washington Post). The Nazi regime preached an ideology of physical, mental, and moral purity. Yet as Norman Ohler reveals in this gripping history, the Third Reich was saturated with drugs: cocaine, opiates, and, most of all, methamphetamines, which were consumed by everyone from factory workers to housewives to German soldiers. In fact, troops were encouraged, and in some cases ordered, to take rations of a form of crystal meth—the elevated energy and feelings of invincibility associated with the high even help to account for the breakneck invasion that sealed the fall of France in 1940, as well as other German military victories. Hitler himself became increasingly dependent on injections of a cocktail of drugs—ultimately including Eukodal, a cousin of heroin—administered by his personal doctor. Thoroughly researched and rivetingly readable, *Blitzed* throws light on a history that, until now, has remained in the shadows. "Delightfully nuts."—The New Yorker

Survivors Club Oct 20 2022 A New York Times bestseller "Both moving and memorable, combining the emotional resolve of a memoir with the rhythm of a novel."—New York Times Book Review In 1945, in a now-famous piece of World War II archival footage, four-year-old Michael Bornstein was filmed by Soviet soldiers as he was carried out of Auschwitz in his grandmother's arms. *Survivors Club* tells the unforgettable story of how a father's courageous wit, a mother's fierce love, and one perfectly timed illness saved his life, and how others in his family from Zarki, Poland, dodged death at the hands of the Nazis time and again with incredible deftness. Working from his own recollections as well as extensive interviews with relatives and survivors who knew the family, Michael relates his inspirational Holocaust survival story with the help of his daughter, Debbie Bornstein Holinstat. Shocking, heartbreaking, and ultimately uplifting, this narrative nonfiction offers an indelible depiction of what happened to one Polish village in the wake of the German invasion in 1939. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum. A New York City Public Library Notable Best Book for Teens

The Commandant of Auschwitz Jun 23 2020 The renowned WWII historian's definitive biography of the notorious German SS officer convicted of war crimes for his role in the Holocaust. Described as one of the greatest mass-murderers in history, Rudolf Höss was the longest-serving commandant of the Auschwitz concentration and extermination camps in Nazi-occupied Poland. He was one of the chief architects behind Hitler's Final Solution. In *The Commandant of Auschwitz*, Volker Koop details Höss's military career, his conversion to Nazi ideology, and his ruthless commitment to the Nazi cause. At the age of fourteen, Höss joined the 21st Regiment of Dragoons and rose through the ranks to become the youngest non-commissioned officer in the German Army. After joining the Nazi party in 1922, he was convicted of participating in at least one political assassination, for which he spent six years in prison. In 1934, Höss became a Block Leader at Dachau concentration camp. By 1940, he would be given command of his own camp near the town of Auschwitz. Charged with carrying out the Final Solution of the Jewish question, Höss set about his task with relish. By his own estimation, he was responsible for the deaths of at least 3,000,000 individuals. Justice caught up with Höss after the German surrender. He was arrested on March 11th, 1946, after a year of posing as a gardener under a false name. He was found guilty of war crimes and hanged on April 16th, 1947.

The Man Who Broke Into Auschwitz Mar 01 2021 *The Man Who Broke into Auschwitz* is the extraordinary true story of a British soldier who marched willingly into the concentration camp, Buna-Monowitz, known as Auschwitz III. In the summer of 1944, Denis Avey was being held in a British POW labour camp, E715, near Auschwitz III. He

had heard of the brutality meted out to the prisoners there and he was determined to witness what he could. He hatched a plan to swap places with a Jewish inmate and smuggled himself into his sector of the camp. He spent the night there on two occasions and experienced at first-hand the cruelty of a place where slave workers, had been sentenced to death through labor. Astonishingly, he survived to witness the aftermath of the Death March where thousands of prisoners were murdered by the Nazis as the Soviet Army advanced. After his own long trek right across central Europe he was repatriated to Britain. For decades he couldn't bring himself to revisit the past that haunted his dreams, but now Denis Avey feels able to tell the full story—a tale as gripping as it is moving—which offers us a unique insight into the mind of an ordinary man whose moral and physical courage are almost beyond belief.

Rena's Promise Mar 13 2022 An expanded edition of the powerful memoir about two sisters' determination to survive during the Holocaust featuring new and never before revealed information about the first transport of women to Auschwitz. In March 1942, Rena Kornreich and 997 other young women were rounded up and forced onto the first Jewish transport of women to Auschwitz. Soon after, Rena was reunited with her sister Danka at the camp, beginning a story of love and courage that would last three years and forty-one days. From smuggling bread for their friends to narrowly escaping the ever-present threats that loomed at every turn, the compelling events in *Rena's Promise* remind us that humanity and hope can survive inordinate brutality.

(God) After Auschwitz Sep 26 2020 The impact of technology-enhanced mass death in the twentieth century, argues Zachary Braiterman, has profoundly affected the future shape of religious thought. In his provocative book, the author shows how key Jewish theologians faced the memory of Auschwitz by rejecting traditional theodicy, abandoning any attempt to justify and vindicate the relationship between God and catastrophic suffering. The author terms this rejection "Antitheodicy," the refusal to accept that relationship. It finds voice in the writings of three particular theologians: Richard Rubenstein, Eliezer Berkovits, and Emil Fackenheim. This book is the first to bring postmodern philosophical and literary approaches into conversation with post-Holocaust Jewish thought. Drawing on the work of Mieke Bal, Harold Bloom, Jacques Derrida, Umberto Eco, Michel Foucault, and others, Braiterman assesses how Jewish intellectuals reinterpret Bible and Midrash to re-create religious thought for the age after Auschwitz. In this process, he provides a model for reconstructing Jewish life and philosophy in the wake of the Holocaust. His work contributes to the postmodern turn in contemporary Jewish studies and today's creative theology.

Surviving the Angel of Death Feb 12 2022 Describes the life of Eva Mozes and her twin sister Miriam as they were interred at the Auschwitz concentration camp during the Holocaust, where Dr. Josef Mengele performed sadistic medical experiments on them until their release.

Mengele Nov 21 2022 Based on exclusive and unrestricted access to more than 5,000 pages of personal writings and family photos, this definitive biography of German physician and SS-Hauptsturmführer Josef Mengele (1911-1979) probes the personality and motivations of Auschwitz's "Angel of Death." From May 1943 through January 1945, Mengele selected who would be gassed immediately, who would be worked to death, and who would serve as involuntary guinea pigs for his spurious and ghastly human experiments (twins were Mengele's particular obsession). With authority and insight, Mengele examines the entire life of the world's most infamous doctor.
