The Gallery of Vanished Husbands Feb 20 2023 A moving story of family and a life-long love affair in 1950s London, from the New York Times bestselling author of The House at Tyneford. London, 1958. It's the eve of the sexual revolution, but in Juliet Montague's conservative Jewish community where only men can divorce women, she finds herself a living widow, invisible. Ever since her husband disappeared seven years ago, Juliet has been a hardworking single mother of two and unnaturally practical. But on her thirtieth birthday, that's all about to change. A wealthy young artist asks to paint her portrait, and Juliet, moved by the powerful desire to be seen, enters into the burgeoning art world of 1960s London, which will bring her fame, fortune, and a life-long love affair.

The Gospel of the Flying Spaghetti Monster Jul 13 2022 Can I get a "ramen" from the congregation?! Behold the Church of the Flying Spaghetti Monster (FSM), today's fastest growing carbohydrate-based religion. According to church founder Bobby Henderson, the universe and all life within it were created by a mystical and divine being: the Flying Spaghetti

Monster. What drives the FSM's devout followers, a.k.a. Pastafarians? Some say it's the assuring touch from the FSM's "noodly appendage." Then there are those who love the worship service, which is conducted in pirate talk and attended by congregants in dashing buccaneer garb. Still others are drawn to the Church's flimsy moral standards, religious holidays every Friday, or the fact that Pastafarian heaven is way cooler: Does your heaven have a Stripper Factory and a Beer Volcano? Intelligent Design has finally met its match—and it has nothing to do with apes or the Olive Garden of Eden. Within these pages, Bobby Henderson outlines the true facts— dispelling such malicious myths as evolution (“only a theory”), science (“only a lot of theories”), and whether we're really descended from apes (fact: Humans share 95 percent of their DNA with chimpanzees, but they share 99.9 percent with pirates!) See what impressively credentialed top scientists have to say: “If Intelligent Design is taught in schools, equal time should be given to the FSM theory and the non-FSM theory.” –Professor Douglas Shaw, Ph.D. “Do not be hypocritical. Allow equal time for other alternative ‘theories’ like FSMism, which is by far the tastier choice.” –J. Simon, Ph.D. “In my scientific opinion, when comparing the two theories, FSM theory seems to be more valid than classic ID theory.” –Afshin Beheshti, Ph.D. Read the book and decide for yourself!

An Unexpected Guest Nov 17 2022 Clare Moorhouse, the American wife of a high-ranking diplomat in Paris, is arranging an official dinner crucial to her husband's career. As she shops for fresh stalks of asparagus and works out the menu and seating arrangements, her day is complicated by the unexpected arrival of her son and a random encounter with a Turkish man, whom she discovers is a suspected terrorist. Like Virginia Woolf did in Mrs. Dalloway, Anne Korkeakivi brilliantly weaves the complexities of an age into an act as deceptively simple as hosting a dinner party.
