Thirty-one exuberant full-page illustrations to color feature dragonflies in imaginative renditions of natural settings. Inspired by the repetitive patterns of Zentangle, these sweeping designs incorporate flowers, leaves, and swirling interlocking shapes. Coloring books became a thing when adults discovered how relaxing and meditative they were. Jigsaw puzzles roared back into popularity as an immersive activity, not to mention a great alternative to television. How exciting is it, then, to introduce an activity that tops them both: reverse coloring, which not only confers the mindful benefits of coloring and puzzling but energizes you to feel truly creative, even when you're weary and just want to zone out. It's so simple, yet so profoundly satisfying. Each page in *The Reverse Coloring Book* has the colors, and you draw the lines. Created by the artist Kendra Norton, these beautiful and whimsical watercolors provide a gentle visual guide so open-ended that the possibilities are limitless. Trace the shapes, draw in figures, doodle, shade, cover an area

with dots. Be realistic, with a plan, or simply let your imagination drift, as if looking at clouds in the sky. Each page is an invitation to slow down, let go, and thoughtfully (or thoughtlessly) let your pen find its way over the image. The Reverse Coloring Book includes 50 original works of art, printed on sturdy paper that's single-sided and perforated. And unlike with traditional coloring books, all you need is a pen. Relax and unwind as you color a stunning variety of flower-filled landscapes. Forty-six scenes present roses, tulips, sunflowers, succulents and more as well as dozing cats, majestic mountains, bubbling waterfalls, and the occasional garden gnome. It's easy to achieve realistic effects with the help of lightly printed numbers that correspond to a simple color key. Pages are perforated and printed on one side only for easy removal and display. Specially designed for experienced colorists, *Glorious Gardens Color by Number* and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress. From the Bestselling international coloring book series. Color can be therapeutic, and creating beautiful art is a soothing and stress-relieving activity. Choose any color section from the book and complete the stunning illustrations to lift your mood and focus your mind. Even amateur artists can create something exquisite, as no drawing skills are required. Thirty ready-to-color floral designs combine many accurately drawn flowers — tulip, iris, peony, rose, lily, daisy, zinnia and many others — into beautiful bouquets arranged in vases, pitchers and baskets, or in sprays tied with ribbons. A New York Times bestseller when it was originally published in 1961, The Executive Coloring Book is crashing the adult coloring book party with its subversive humor. "This is me. I am an executive. Executives are important. They go to important offices and do important things. Color my underwear important." So begins the dangerously funny classic, The Executive Coloring Book. Originally published more than fifty

years ago, this brief and brilliant coloring book skewers the early sixties executive set. If Mad Men made them look glamorous, The Executive Coloring Book casts them in a different hue and invites everyone in on the joke. Illustrations depicting everyday life in the Middle Ages are accompanied by brief text. This powerful activity book will engage hands, hearts, and minds as it introduces children to the guiding principles of the Black Lives Matter movement. When the Black Lives Matter movement began in 2013, the three founders--Alicia Garza, Patrisse Khan-Cullors, and Opal Tometi--anchored its work in a list of guiding principles, developed through conversation with other activists. These principles commit the movement to empathy, loving engagement, and just action among its participants; affirm the importance of Black women, families, elders, and LGBTQ folk; and celebrate the strength and diversity of Black people in their communities and around the globe. Now young people can explore these powerful principles in What We Believe: A Black Lives Matter Principles Activity Book. Created by two teachers with more than thirty-five years of educational experience between them, the book presents the guiding principles in down-to-earth, child-friendly language, with each principle accompanied by writing prompts, space for children or adults to create their own reflections, and a coloring page. Supporting materials guide adults in sharing the principles with children and encourage kids to dream big and take action within their communities. An essential resource for anyone discussing racial equity with young people, What We Believe offers a beautiful and inspiring lens on the most important social justice movement of our time. Lee & Low Books will donate a portion of its proceeds from the book to the Black Lives Matter Global Network Foundation, Inc.
