This riveting "biography of a nobody" offers a rare view of empire from the bottom up and a glimpse of the making of modern China. Robert Bickers mines the letters of Richard Tinkler along with archival files to create a fascinating and much-needed narrative of everyday life in the colonial world and an unvarnished portrait of the colonial experience that will permanently affect our view of it. Bestselling and award-winning author Trista Mateer takes an imaginative approach to self-care in this new poetry and prose collection, Aphrodite Made Me Do It. In this empowering retelling, she uses the mythology of the goddess to weave a common thread through the past and present. By the end of this book, Aphrodite will make you believe in the possibility of your own healing. Strike up a conversation with a citizen from the post-communist region and

invariably the talk will turn to the topic of corruption - the misuse of public power for private gain. People are sure that corruption is widespread, whether from their own experiences or stories they have heard from others. They feel frustrated that there seems to be nothing they can do about it, that they are helpless, and that they are being played for fools. And many are cynical: they feel that they, too, have to play the game because "the system" compels them to do so. But what system exactly? What are the structures and mechanisms of corruption in post-communist societies? "The System Made Me Do It" is the first comprehensive study of the origin, nature, and consequences of corruption in post-communist societies. While international actors decry corruption as a major impediment to democracy building and economic development, the problem is not well understood. This book fills that gap, and suggests innovative and practical institutional strategies for containing corruption. It achieves a rare and perfect balance of disciplined analysis, practicality, and passion. In this #1 international bestseller, a young woman leaves everything behind to work as a librarian in a remote French village, where she finds her outlook on life and love challenged in every way. Prudencia Prim is a young woman of intelligence and achievement, with a deep knowledge of literature and several letters after her name. But when she accepts the post of private librarian in the village of San Ireneo de Arnois, she is unprepared for what she encounters there. Her employer, a book-loving intellectual, is dashing yet contrarian, always ready with a critique of her cherished Jane Austen and Louisa May Alcott. The neighbors, too, are capable of charm and eccentricity in equal measure, determined as they are to preserve their singular little community from the modern world outside. Prudencia hoped for friendship in San Ireneo but she didn't suspect that she might find love—nor that the course of her new life would run quite so rocky or would offer challenge and heartache as well as joy, discovery, and fireside debate. Set against a backdrop of steaming cups of tea, freshly baked cakes, and lovely company, The Awakening of Miss Prim is a distinctive and delightfully entertaining tale of literature, philosophy, and the search for happiness. A searing memoir of American racism from a Somalian-American who survived hardships in his birth country only to experience firsthand the dehumanization of Blacks in his adopted land, the United States. "No one told me about America." Born in Somalia and raised in a valley among nomads, Boyah Farah grew up with a code of male bravado that helped him survive deprivation, disease, and civil war. Arriving in America, he believed that the code that had saved him would help him succeed in this new country. But instead of safety and freedom, Boyah found systemic racism, police brutality, and intense prejudice in all areas of life, including the workplace. He learned firsthand not only what it meant to be an African in America, but what it means to be

African American. The code of masculinity that shaped generations of men in his family could not prepare Farah for the painful realities of life in the United States. Lyrical yet unsparing, America Made Me a Black Man is the first book-length examination of American racism from an African outsider's perspective. With a singular poetic voice brimming with imagery, Boyah challenges us to face difficult truths about the destructive forces that threaten Black lives and attempts to heal a fracture in Black men's identity. Q: "You threw paving stones at [the cops]?" A: "Oh yeah. I had no problem doing that. And I threw marbles as well that we stole from stores. And towards the end we even managed to steal tractors from construction sites and we knocked over trees with them." The mass protests that shook France in May 1968 were exciting, dangerous, creative, and influential, changing European politics to this day. Students demonstrated, workers went on general strike, and factories and universities were occupied. Before it was all over, children, homemakers, and the elderly were swept up in the life-changing events that targeted bureaucratic capitalism and the staid Communist Party. The French state was on the ropes and feared civil war or revolution. Decades later, here are the eye-opening oral testimonies of those young rebels who demanded the impossible. Published on the 50th anniversary of those momentous events, May Made Me presents the legacy of the uprising: how those explosive experiences changed both the individual and history. "These powerful and moving testimonies create an eye-opening account of the inspiring events of May '68, which are more relevant for today's activists than ever before." —Paul Mason, author of Postcapitalism: A Guide to Our Future After her journey through madness Mary O'Hagan realised the mental health system and society did more harm than good. 'Madness Made Me' is a myth-busting account of madness and our customary responses to it through the lens of lived experience. O'Hagan's journey took her from the psychiatric hospital to the United Nations and many places in between as a leader in the international mad movement. Her fundamental message is that madness is profoundly disruptive but full human experience. The trouble is most people don't see it that way, from the experts who make up clever theories about brain disease to the people down the road who have irrational fears about mad axe-murderers. 'Madness Made Me' is a compelling and beautifully written book that uncovers widespread injustice. It ends with vision for a world that holds hope for people with mental distress and treats them with respect and humanity. A picture book for expectant fathers and already-fathers everywhere—a perfect gift for Father's Day and baby showers. In this touching celebration of fatherhood, the close bond between parent and child comes to life with heartwarming resonance. Laurene Sala's tranquil text, accompanied by Mike Malbrough's tender watercolor illustrations, creates a warm look at the joys, fears, and responsibilities of being a

dad over the years. Tear-inducing in the best way, and a great companion to the team's *You Made Me a Mother*. I loved you before I saw you. When you were just a heartbeat. Then a picture. Then a teeny-tiny kick... A New York Times Bestseller -- True stories inspired by one of the most iconic, beloved, bestselling books of our time, *Eat Pray Love* by Elizabeth Gilbert. Elizabeth Gilbert's *Eat Pray Love* has become a worldwide phenomenon, empowering millions of readers to set out on paths they never thought possible, in search of their own best selves. Here, in this candid and captivating collection, nearly fifty of those readers—people as diverse in their experiences as they are in age and background—share their stories. The journeys they recount are transformative—sometimes hilarious, sometimes heartbreaking, but always deeply inspiring. *Eat Pray Love* helped one writer to embrace motherhood, another to come to terms with the loss of her mother, and yet another to find peace with not wanting to become a mother at all. One writer, reeling from a difficult divorce, finds new love overseas; another, a lifelong caregiver, is inspired to take an annual road trip, solo. A man leaves seminary, embraces his sexual identity, and forges a new relationship with God. A woman goes to divinity school and grapples with doubt and belief. One writer's search for the perfect pizza leads her to New Zealand and off-the-grid homesteading, while another, in overcoming an eating disorder, redefines her relationship not only with food but with herself. Some writers face down devastating illness and crippling fears, and others step out of their old lives to fulfill long-held dreams of singing, acting, writing, teaching, and learning. Entertaining and enlightening, *Eat Pray Love* Made Me Do It is a celebration for fans old and new. What will *Eat Pray Love* make you do? A deeply researched account from an award-winning journalist that uncovers the ways in which abusers exert control in the darkest—and most intimate—ways imaginable. We fear dark alleys when in truth, home is the most dangerous place for a woman. Of the 87,000 women killed globally in 2017, more than a third (30,000) were killed by an intimate partner, and another 20,000 were killed by a family member. In the US, that rate is 2.5 women killed by their partner every day. These statistics tell us something that's almost impossible to grapple with: it's not the monster in the dark women should fear, but the men they fall in love with. In not only a searing investigation, but a dissection of how that violence can be enabled and reinforced by the judicial system we trust to protect us, *See What You Made Me Do* carefully dismantles the flawed logic of victim-blaming and challenges everything you thought you knew about domestic and family violence. Death is one heartbeat away when your stalker is a serial killer. The heart-stopping sequel to *YOU DID THIS*. Police detective Claire Wolfe has a secret admirer. But instead of sending flowers, this twisted psychopath murders wealthy young women...and leaves gruesome messages for Claire on their mutilated corpses. To decode her stalker's obsession, Claire teams up with her lover, Special Agent Robert Cline, FBI forensic profiler Dr. Sally Fleischer, and a pretty new detective with secrets of her own. But there's more to this stalker than meets the

eye. The killer has powerful friends, and they all want a piece of Claire. With a murderer watching her every move in this lethal game of cat and mouse, Claire must tear open old wounds and expose deadly family secrets. And her poisonous mother isn't making her life any easier. In this gripping psychological thriller and police procedural page-turner, the race to save the next girl leads Claire to a startling revelation. Is the stalker trying to win her heart-or destroy her, body and soul? Of all the children that ever could be, You are the one made just for me. From a child's first uttered "Dada" to his or her first unsteady steps, nothing can adequately convey the joy and awe of watching the birth and growth of a new child. Now releasing as a board book filled with adorable illustrations and the refrain, "You are the one made just for me," *Made for Me* is a winning presentation of tender moments that tie a father and his new child together—forever. Now Available from Amazon Bestselling Author, Hope Ford *GET INKED BAD BOYS - The Complete Romance Series - Follow Along As Three Tattooed Alpha Men Find Love* in the short stories, *Made For Me*, *Eyes on Me* and *All of Me*. Each Steamy, Sweet, Short Story has an alpha man, curvy woman and a happily ever after. In rhyming text, animals describe the unique qualities they were given by God. "Have you ever wondered if there's anyone else just like you? Well there isn't! There's only one you. No one else in the whole world is exactly like you. Not even if you're a twin. But how did you come to be you? Who made you? What were you like before you were a baby? It's an amazing story. It begins with Mum, Dad and God."--Publisher description. Illustrations and simple, rhyming text celebrate the relationship between a father and his newborn child, from birth to the toddler years. Ally was at a breaking point when she woke up in a psych ward at the age of eighteen. She couldn't put a sentence together, let alone take a shower, eat a meal, or pick up a phone. What had gone wrong? In recent years, she had produced a feature film, a popular reality show for a major network, and had acted in an off-Broadway play. But now, Ally was pushed to a psychotic break after struggling since she was seven years old with physical symptoms that no doctor could explain; everything from joint pain, to night sweats, memory loss, nausea, and brain fog. A doctor in the psych ward was finally able to give her the answers her and her family had desperately been searching for, and the diagnosis that all the previous doctors had missed. She learned that she had Lyme disease—and finally had a breakthrough. What she didn't know was that this diagnosis would lead her down some of the most excruciating years of her life before beginning her journey to recovery from eleven years of misdiagnosis and physical pain. She would need to find her courage to heal physically, mentally, and emotionally, and become the survivor she is today. Set against the backdrop of the fast-paced fashion and entertainment industries, *BITE ME* shares the heartbreaking and hilarious stories that moved Ally forward on her journey from sickness to health. Its themes will be familiar to more than 300,000 Americans diagnosed with Lyme disease each year, many of whom, like Ally, wondered for years what was wrong with them. *BITE ME* offers readers

hope and ideas for how one can transition from victim to survivor, and shares the spiritual principles and actions that have contributed to her wholeness as a human, mother, and international spokesperson against Lyme disease. From *The Onion* and *Reductress* contributor, this collection of essays is a hilarious nostalgic trip through beloved 2000s media, interweaving cultural criticism and personal narrative to examine how a very straight decade forged a very queer woman "Honest, funny, smart, and illuminating." —Anna Drezen, co-head writer of SNL "If you came of age at the intersection of Mean Girls and The L Word: Read this book." —Sarah Pappalardo, editor in chief and co-founder of *Reductress* Today's gay youth have dozens of queer peer heroes, both fictional and real, but former gay teenager Grace Perry did not have that luxury. Instead, she had to search for queerness in the (largely straight) teen cultural phenomena the aughts had to offer: in Lindsay Lohan's fall from grace, *Gossip Girl*, Katy Perry's "I Kissed A Girl," country-era Taylor Swift, and Seth Cohen jumping on a coffee cart. And, for better or worse, these touch points shaped her adult identity. She came out on the other side like many millennials did: in her words, gay as hell. Throw on your Von Dutch hats and join Grace on a journey back through the pop culture moments of the aughts, before the cataclysmic shift in LGBTQ representation and acceptance—a time not so long ago, which many seem to forget. Essays by popular children's authors reveal the books that shaped their personal and literary lives, explaining how the stories they loved influenced them creatively, politically, and intellectually. 2016 was officially the "year of gin" in the UK, with sales topping £1 billion! The brilliantly botanical spirit is much more than tonic's sidekick, it's sophisticatedly sippable, and adds depth and flavour to any drink. *Letting Go* describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development. In letters to an elderly pen pal, eleven-year-old Julie describes how her mischievous younger brother is always getting her in trouble, how she is dealing with painful juvenile rheumatoid arthritis, and how she

struggles to finish a fund-raising race on crutches. A luminous anthology in which authors from around the world reflect on the homes, neighborhoods, and people that formed them. This extraordinary graphic novel is a powerful denunciation of sexual violence against women. As seen through the eyes of a twelve-year-old girl named Una, it takes place in northern England in 1977, as the Yorkshire Ripper, a serial killer of prostitutes, is on the loose and creating panic among the townspeople. As the police struggle in their clumsy attempts to find the killer, and the headlines in the local paper become more urgent, a once self-confident Una teaches herself to "lower her gaze" in order to deflect attention from boys. After she is "slut-shamed" at school for having birth control pills, Una herself is the subject of violent acts for which she comes to blame herself. But as the police finally catch up and identify the killer, Una grapples with the patterns of behavior that led her to believe she was to blame. *Becoming Unbecoming* combines various styles, press clippings, photo-based illustrations, and splashes of color to convey Una's sense of confusion and rage, as well as sobering statistics on sexual violence against women. The book is a no-holds-barred indictment of sexual violence against women and the shame and blame of its victims that also celebrates the empowerment of those able to gain control over their selves and their bodies. Una (a pseudonym) is an artist, academic, and comics creator. *Becoming Unbecoming*, which took seven years to create, is her first book. She lives in the United Kingdom. An illustrated examination of Mark Leckey's celebrated video montage. In 1999, the British artist Mark Leckey released his video-montage *Fiorucci made me Hardcore*, a dreamscape vignette that communes with the rapturous promises of youth. Putting archive material to use, Leckey entwined footage of underground dance and street culture in Britain with audio gifted and recorded in the artist's studio. In this illustrated study, the first comprehensive examination of the work, Mitch Speed argues that by interweaving personal and collective memory, this work gives voice to the complexities of class and cultural transformation during Britain's Thatcherite era. Oscillating between local and expansive resonances, *Fiorucci made me Hardcore* takes form as a homage, love letter, and work of criticism that eschews analysis, instead incanting the deeper implications of its subject. Take the stress out of finding the perfect gift for your loved one by creating the perfect gift yourself! This book contains fun illustrations along with creative fill-in-the-blanks to help you express why you treasure this person so much. Do your ears perk up when you hear the telltale pop of a prosecco bottle? Do you think every drink is just a little bit nicer with bubbles? Prosecco is no longer just a sparkling wine, it's a cultural phenomenon, a party in a glass. I am special because God made ME. Clive helps his brother Ian learn that he is special because God made him! Featuring beloved characters Clive & Ian from the bestselling video series *Buck Denver Asks...What's in the Bible?* comes a new series of fun, easy-to-read board books designed just for preschoolers. Written by bestselling children's book author, Hannah Hall, this series

features charming illustrations and helps parents teach their children about God's Creation and His love for them. In *Minnesota Made Me*, award-winning sportswriter Patrick C. Borzi digs into how growing up or living in Minnesota shaped the careers of the state's most accomplished athletes. Thirteen comprehensive

curriculum lessons combine science, art, physical activities, Bible memorization, and songs, as well as activity suggestions for younger and older students! Snow is falling all over Dublin. It is half an hour to the start of the New Year. On the rooftop of 44 Seville Place, a 10-year-old boy clings to a television aerial. His father urges him to turn the aerial towards England. The boy reaches up and in that moment, pictures from a foreign place beam into their home and change their lives forever. Thus begins this astonishing portrait of a Dublin family as they chart their way through the turbulent waters of the 1960s. We exult in their triumphs and cry at their disasters, but at no time is laughter far from the surface. As Peter Sheridan follows his journey from boy to man, he reveals the confused adolescent in us all and shows us an individual and a society on the cusp of profound change. 'A brilliantly realised, almost novelistic, portrait of an urban working-class Irish childhood . . . remarkably honest, involving, compassionate' Scotsman 'A beautiful, touching, bittersweet account of inner-family life . . . A lively, turbulent and huge tale painted in vivid colour on a very simple canvas. I'm glad to have read it and so will you be.' Malachy McCourt, *Observer* *God Made All of Me* by Justin and Lindsey Holcomb is an invaluable resource and beautifully illustrated story to help families talk about sensitive issues with two- to eight-year-old children. Because the private parts of our bodies are private, home is the ideal environment for a child to learn about his or her body and how it should be treated by others—without conveying a message of shame. Through carefully written language and relatable storytelling, *God Made All of Me* helps parents navigate discussion that can so easily be warped into confusion, embarrassment, and secrecy. Instead of instilling a message that their bodies are shameful—which can often prevent children from recognizing and reporting sexual abuse—Justin and Lindsey Holcomb equip parents to build a first line of defense against sexual abuse in the safety of their own homes. This helpful guide starts from the fundamental truth that God created everything and applies that truth—the doctrine of creation—to kids and their bodies. With the help of *God Made All of Me*, parents and caregivers can begin conversations with boys and girls about their bodies, helping kids understand the difference between the appropriate and inappropriate touch of others. This life-changing resource shows readers how to establish the foundation for a healthy bond with their children to meet increasing challenges of sexuality, which they will inevitably confront in childhood and adolescence. By teaching their children how to establish body and health boundaries, parents are imparting invaluable skills for their kids to express thoughts and feelings. *God Made All of Me* is the first children's book written by Rid of My Disgrace authors, Justin and Lindsey Holcomb. Parents of young children themselves, the Holcombs are profoundly aware of the dangers kids face, and they regularly counsel victims of sexual abuse. Explore *God Made All of Me* and find encouragement, clear guidance, and the tools necessary to facilitate open conversations about how your children can protect their bodies, an important step in keeping them as safe as

possible. From Sia to Elton John, from Billie Holiday to David Bowie, LGBT musicians have changed the course of modern music. But before their music—and the messages behind it—gained understanding and a place in the mainstream, how did the queer musicians of yesteryear fight to build foundations for those who would follow them? David Bowie Made Me Gay is the first book to cover the breadth of history of recorded music by and for the LGBT community. Darryl W. Bullock reveals the stories of both famous and lesser-known LGBT musicians, whose perseverance against the threat of persecution during decades of political and historical turmoil—including two world wars, Stonewall, and the AIDS crisis—has led to some of the most significant and soul-searching music of the last century. Bullock chronicles these struggles through new interviews and archival reports, dating from the birth of jazz in the red-light district of New Orleans, through the rock ‘n’ roll years, Swinging Sixties, and disco days of the ‘70s, right up to modern pop, electronica, and reggae. An entertaining treasure-trove of untold history for all music lovers, David Bowie Made Me Gay is an inspiring, nostalgic, and provocative story of right to be heard and the need to keep the fight for equality in the spotlight.
